

StudySinc — Proposed Design Mockups

Quick HTML mockups in the new warm/amber design direction to show how the broken/old pages could look.

1 — Login Page

The mockup shows a login page with a warm, light beige background. A white card is centered on the page. At the top of the card is the StudySinc logo, which consists of a small orange square with a white 'S' followed by the text 'StudySinc'. Below the logo, the heading 'Welcome back' is displayed in a bold, dark font. Underneath the heading is the text 'Sign in to your account to continue'. There are two main login options: a 'Continue with Google' button with the Google logo and a text-based login section. The text-based section is preceded by 'OR CONTINUE WITH EMAIL' in a smaller, all-caps font. It includes labels for 'Email' and 'Password' above their respective input fields. The email field contains the placeholder text 'you@university.edu'. The password field is masked with dots. Below the password field is a solid orange 'Sign in' button. At the bottom of the card, there is a link that says 'Don't have an account? Sign up'.

- Warm paper background (--bg).
 - Amber primary button (--accent).
 - Outline Google OAuth button.
 - Clean centered card with the new logo.
-

2 — Signup Page

- Same sidebar as the current dashboard.
- Task list with filter chips (All / In progress / Overdue / Done).
- Status badges use muted colors, not a rainbow.
- Dates in mono font.
- Empty-state card at the bottom.

4 — Landing Page

- No gradients, no people illustrations.
- Hero shows a realistic product preview card instead of an illustration.
- Feature grid with amber/numbered icons.
- Warm CTA section.
- Clean nav with amber logo and primary button.
